BY WABASH BRIDGE

DREDGE BOAT TO PASS LAST OBSTACLE SUNDAY.

TO FINISH WORK, JAN. 1

Work Has Been Comparatively Easy, With no Delays Except From High Water.

The drainage boat, which is excavating the new channel of the 102 river from the state line to the Carr bridge, two miles south of the water plant, has now reached the Wabash railroad bridge, and the next step is to get it by the bridge. When this is accomplished the dredge boat will be within a mile of its destination.

Sunday is the day set by the Wabash railroad authorities for tearing down enough of the bridge to let the dredge boat through. On that day after the No. 12 passenger train goes by, a large crew will be set to work to remove two spans of the bridge and one pier of the tiling. It is thought that the boat can then go through without any trouble.

The Wabash bridge is the last real obstacle that the dredge boat is to encounter. The mile beyond the bridge is comparatively easy work, and the men in charge say that they will finish the necessary excavation easily by December 25 or January 1.

Two crews have been at work on the channel since spring, and have kept at it day and night. The old ditch was followed in many places and this meant very little excavation. The contract called for the completion of the ditch to the Carr bridge four months after the work began. This time has elapsed, but the high water last summer delayed the work and the drainage board is well satisfied with the work done. With the exception of the delay caused by the high water last summer, the work has proceeded without much trouble, the work of getting the boat across the Maryville water dam being much easier than was first anticipated.

BE "AMONG THOSE PRESENT"

Help Make Up the $125 Deficiency in the Lyceum Fund by Coming This Evening.

The Zoellner string quartet, which makes its appearance in Maryville this evening, is considered one of the best of its kind in the world. The members have appeared not only in Europe but in nearly all parts of the United States. Everywhere they have been given great ovations and have received the highest kind of praise from the musical critics.

These and other reasons should insure a large attendance at the concert here Friday evening. The Lyceum course is a community enterprise and must be supported by the citizens in order to be successful. At present the association is $125 in debt. It is up to the citizens to make good this deficiency, if the Lyceum course is to become a permanent institution in Maryville.

The committee is hoping to sell enough single admission tickets to make up the deficiency in the fund. A good attendance at each one of the evening concerts is the only thing that will accomplish this. Consequently, "among those present" at the concert this evening.

TAKES STAND FOR HIMSELF

McDaniel Testifies in His Own Defense This Afternoon When Court Reconvenes.

Special to The Democrat-Forum.

St. Joseph, Nov. 24.—Oscar McDaniel took the stand in his own defense when the court reconvened at 2:30 o'clock this afternoon.

Yesterday afternoon the state rested its case at 4:50 o'clock after the testimony of Miss Allene Moss, sister of Mrs. Harriett Moss McDaniel had been heard. More than 100 witnesses who had their names on the indictment were not called.

A few minutes later, after court had been adjourned until 2 o'clock this afternoon, to give the defense time to make up its case, the attorney general said: "We believe we have made our case. We had the time and the witness planned for the phychological moment and we feel that we have been successful."

Lockwood expressed similar sentiments later when questioned, believing that the state had shown through circumstances that every fact pointed to the prosecutor as the slayer of his wife, and that as much as possible motive had been shown.

BUY REGISTERED CATTLE

Representatives of College of Agriculture Purchase Pure Bred Cattle in Nodaway County.

Representatives were here recently from the state college of agriculture and purchased three lots of registered cattle in Nodaway and Atchison counties. The purchase comprised two Angus from the herd of C. D. & E. F. Caldwell, two Herefords from Rankin, Travis & Marshall of Tarkio, and two Shorthorns from T. B. Rankin of Tarkio. The cattle will be used on the agricultural farm in Alabama and will be a big advertisement for the herds of this section of the country. There is probably no part of the United States that has made as much progress in cattle breeding during the past ten years as the south, and their herds have begun to show the advantage of pure bred B. J. Post.

London Women Are Now Demanding Mild Cigars and Pipes for Public Use.

Special to The Democrat-Forum.

London, Nov. 24.—According to a member of one of the largest women's clubs in London, women will shortly be seen smoking pipes in public, as many society women already smoke small pipes in the seclusion of their own homes. Towards the close of the sixteenth century a large number of English women indulged freely in pipe smoking. During the seventeenth century the fashion abated, owing to the introduction of snuff. Leading tobacconists confirm the fact that there is a growing demand among women for mild cigars. This, in his opinion, is a sure step towards pipe smoking.

REPLEVIN SUITS

MORNING SESSION OF COURT TAKEN UP WITH AUTO CASES.

ONE TRIAL CONTINUED

Case of Bourck vs. Hallsa Being Tried This Afternoon—Other Cases Settled.

The circuit court opened this morning with the case of Billings Lumber company against T. C. Duke. Judgment was rendered against Duke for three different notes aggregating $2,117.

The rest of the morning was taken up in deciding upon measures to be adopted in the two automobile replevin suits on the docket. In the case of Charles J. Hall of Nebraska vs. Arthur Alexander of Elmo, the defendant petitioned to have the case continued and the petition for continuance was sustained by the court. This case will be taken up at some later time.

In the case of F. W. Bourck of Grant, Ia., vs. R. O. Hallsa of Elmo, a jury consisting of the following men was chosen to try the case this afternoon: Ernest McLaughlin, A. C. Ford, Ben Yeager, L. C. Foreman, Dan Graves, Ed Goodpasture, J. H. Cooper, Albert Mercer, Benjamin Booher, J. D. Rice, Thomas F. Kane and James Brady.

The foregoing cases were occasioned by the automobile thieves who were so active in June and July. Mr. Bourck's car was stolen, and soon after Mr. Hallsa bought a car which Mr. Bourck claimed was his. Mr. Bourck filed a replevin suit and took the car to Grant City. If he wins the present suit, he will be allowed to keep the car. If not, he will have to return the car to Mr. Hallsa. About twenty witnesses are called on the case.

In the case of the state of Missouri vs. George Craig, charged with violating the local option law, the defendant waived formal arraignment, pleaded not guilty, and gave bond for his appearance at the January term of court.

C. C. HELLMERS A RUSTLER

What the Burlington Junction Post Says About the Popular Manager of the M. E. L. and P. Co.

The following is from this week's Burlington Junction Post about Charles C. Hellmers, manager of the Maryville Electric Light and Power company:

Now that Burlington Junction is to have service from the Maryville Electric Light and Power company, we are reminded that this company has a man of real merit as its manager.

C. C. Hellmers, or Charley, as he is known to his many friends, came to Maryville from St. Louis several years ago, and assumed the management of the light plant when it needed a real Moses. Before many moons Mr. Hellmers demonstrated to the satisfaction of everybody that he was that Moses. The service was soon brought up to a high standard, the business of the company extended and every part of the organization made to run like clockwork.

Today this young manager has built up a business that is equalled by but few in the country. Burlington Junction, Clearmont, Pickering, Barnard, Ravenwood, Clyde and the monastery are being, or soon will be, lighted from the power plant, and two or three other towns are considering taking its "juice." The business houses of the county seat are heated with the surplus steam from the plant, another way of utilizing what would otherwise be waste.

With all of the extension work to other towns, and with the difficulty in obtaining material, there has naturally been some delay in getting the service but we believe it will be worth waiting for, and are confident that the young manager and his assistants are doing all in their power to hasten operations and get the towns connected with the twenty-four hour service.

MISSION WEEK CLOSES

Reports of Missionary Societies and Address by Dr. Burris Ends Program.

The closing service of Home Mission Week held at the First Methodist church this week was characterized by the largest attendance and the greatest enthusiasm of any meeting of the week.

Twenty-two members of the King's Herald Band sang a song especially prepared for the occasion, and the various societies gave reports of their work.

Dr. W. F. Burris, district superintendent of the Maryville district, then addressed the societies on the subject of "Women's Missionary Work." Dr. Burris gave a number of interesting statistics to show the great work that women had done in the missionary field, both at home and abroad. He gave the number of institutions supported by them, the amount spent yearly for the maintenance of these institutions, the value of the property owned by their societies, and a number of other interesting facts.

The morning subject at the First Methodist church for Sunday service is "The Spiritual Value of Thanksgiving," and in the evening the Rev. Mr. Cox will speak on "Polyanna, Representing the Gospel of Good Cheer." In the morning the quartet will sing "We Will Praise Thee, O God" (Rosetti), and in the evening the anthem will be "Thou Wilt Keep Him in Perfect Peace" (Demerest).

THE REASON WHY

TRADE WEEK PLANNED FOR CUSTOMER'S BENEFIT.

STOCK IN GOOD SHAPE

Every Merchant Will Be Ready With First Class Merchandise—See List of Signers.

For six days, commencing Saturday, December 2 and ending Saturday, December 9, the people in Nodaway county and, in fact, in this section of the state will be given the greatest opportunity of their lives to lay in a supply of all kinds of seasonable merchandise at prices which are not surpassed in any town or city in the country. The occasion will be known as "Trade Week," or "Special Fare-Refund Week."

Practically every merchant in Maryville will have his stock in first class shape, and those in need of anything from a dishpan to a complete outfit for the home, or from a pair of hose to a complete clothing outfit, shoes and all, should come to Maryville and lay in a supply of quality merchandise.

Not only are the merchants offering merchandise of special merit (for this they always do), but in addition to this they will refund the fares to all out-of-town customers who buy anything to speak of at all. So it can readily be seen that it will be a great opportunity for the people of this section to lay in everything they may need for some time to come.

Many wonder why the merchants of Maryville have united in a movement of this kind, but the reason is simple when explained. They know that Maryville is well located, and that its merchants are up to the minute with large and exclusive stocks. They are sure that purchasers will be pleased with their goods and with their prices.

So during the week commencing December 2 the merchants united in this movement agree to refund the fares of all out-of-town customers on these days. The plan met with the approval of practically every leading merchant in Maryville, and as a result it will mean one of the biggest trading opportunities ever known in this section.

Watch this list. Each day it grows, the merchants swinging into line every hour. Here are the signers to date:

DISCOVERING VOTE FRAUDS

Numerous Men in Kansas City Make Affidavits of Having Voted Often —Investigation Proceeds.

Special to The Democrat-Forum.

Kansas City, Nov. 24.—Evidence of fraudulent voting in this city at the election on Nov. 7 was disclosed today when affidavits of men who are alleged to have voted repeatedly were placed in the hands of Francis M. Wilson United States district attorney and the special agent of the department of justice, Arthur T. Bagley.

The affidavits were based upon alleged confessions of men who are said to be members of a gang that told of registering illegally many times, some as often as ten times, from rooming houses in the north end of the city. Names of well known politicians, it is declared, have been disclosed in connection with the alleged frauds.

The cases have been laid before the district attorney because the election involved presidential electors, a United States senator, and a congressman. Wilson refused to make a statement in regard to the affidavits.

The affidavits, as placed before the federal authorities, show that one man voted thirty-nine times; another voted thirty-seven; a third voted thirty-two, and a fourth eight times.

According to the affidavits, the election frauds were not confined to one party. It is said that in the consumation of alleged frauds the illegal voters were given slips, on which were written the address, age, etc., of names registered. They would go into the polling place, announce these names as outlined and cast their ballots.

GARDNER'S LEAD WAS 2,199

Governor-Elect Ran Behind His Ticket About 20,000 in Missouri—Other Candidates Normal.

Special to The Democrat-Forum.

Jefferson City, Nov. 24.—Frederick D. Gardner, upon the face of the returns, carried the state over Judge Henry Lamm, Republican nominee for governor, by 2199 votes. A tabulation of official returns from every county in the state, except Jackson county and St. Louis City and the returns as reported from those places after the election boards made their canvass, gave Gardner 382,276; Lamm, 380,077. Secretary of State Roach has not canvassed the St. Louis and Jackson county election returns, but they are presumed to be correct as reported in the newspapers after they were canvassed.

Gardner trailed his ticket approximately 20,000 in Missouri. George W. Middlekamp, candidate for state treasurer, will have a plurality in excess of 22,000 over L. D. Thompson, Republican nominee. Their vote was about the normal party votes.

George W. Hackmann, Republican, is elected by 9,098 votes over John P. Gordon for state auditor. Hackman's total vote was 387,312; Gordon's, 378,214. No other totals were obtained tonight.

POTATO PILE GROWS

One Grown-Up Boy Brings 2 Large Spuds to Help Needy Families in Maryville.

All the children under 14 years are invited to the Empire theater free of charge from now until Thanksgiving—that is, they don't have to bring a bright new dime. All they have to do is to go down to the cellar and pick out two of mother's choicest potatoes and carry them to the theater.

On Thanksgiving day these potatoes will be turned over to the welfare board, who will see that they are given to little children, whose mammas haven't the money to buy potatoes.

Last evening was the first time the scheme was tried, and a number of children appeared at the ticket office of the Empire with their potatoes. And even one man brought two fine large potatoes to make the pile grow. Not that this big man was looking for admission via the potato route. No. He just wanted to show off his splendid potatoes and help the needy families in Maryville. His name was Charles Buhler.

PURELY VEGETABLE S.S.S. FOR THE BLOOD

Something New Every Day

This is an age of many New Remedies for a multitude of ills. But the faith of thousands of sufferers from blood impurities, remains with the old reliable S. S. S. Its reputation was won by merit alone, and is retained by the same continuous service to humanity.

The vegetable purity and superiority of S. S. S. is recognized by all who have taken it and received its benefits and recommended by them to all sufferers from blood diseases. Rheumatism, Catarrh, Malaria, and many forms of Skin Disease, are some of the blood's worst enemies—but will surely give way to the influence of S. S. S.

MESSAGE WILL BE SHORT

Wilson's Annual Communication to Congress Will Not Be Over 2,000 Words—Railroads Discussed.

Special to The Democrat-Forum.

Washington, Nov. 24.—President Wilson's annual message to congress, now in the hands of the printer, contains about 2,000 words and is among the shortest documents of its kind on record. It points out that the reports of the several government departments will be made before congress separately and that therefore their details are not discussed.

The president emphasizes the uncompleted legislation on railroads suggested by him at the last session to meet the threatened railroad strike as the most pressing problem facing congress. He then goes on to a general discussion of other domestic problems.

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL helped me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE of constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. MAY NOT RETURN SOON

Fourth Regiment Will Have to Remain Some Time Yet, According to Latest Word.

There is little probability of the early return and mustering out of service of the Fourth regiment, Missouri infantry according to a letter received by Mayor J. M. Batterton of Columbia, Mo., from Maj. Gen. Frederick M. Funston. In the communication General Funston says that Missouri has already had more than her share of regiments returned, and he does not state when the Second and Fourth regiment's will be sent home.

The mayor of Columbia had been urging that these regiments be returned for the reason that they contain many students of the University of Missouri, and Columbia business men.

The impression in St. Joseph had been that the Fourth regiment would return before the holidays, at latest, and Mayor Marshall of St. Joseph has been making an effort to have the regiment present a grand review either in St. Joseph or at Fort Leavenworth.

MOTHER'S REMEDY FOR BRUISES

Children's Bumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment.

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and sting can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than mussy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and $1.00.

Sloan's Liniment KILLS PAIN

Normal News

By C. H. McReynolds.

A definite division has been made in the classification of students, according to the regular college division of freshmen, sophomores, juniors and seniors. The classes will meet soon and elect officers. The announcement was made early in the fall quarter, but nothing definite was done until yesterday morning at assembly.

* * *

Some of the men are now practicing basket ball, but hard practice will not start until the beginning of the winter quarter. The basket ball line-up looks rather inviting at this time. Scott will be in his old position of guard, where he starred last year. "Dad" Scarlett will be back, from the way things look at present. With these two men at guard Maryville will no doubt be the strongest team in the conference in this respect. Girard will be in at center and will be hard to beat out of that position. Omer Lyle will enter school the winter quarter and should land a position at forward. "Gimlet" Scott, the scrappy little veteran of Normal fame, who delights in dodging between his opponent's legs and testing his temper, will also enter school and land a position on the team somewhere, possibly at forward. Then there are a number of new men in school, Ham and Richards of Guilford high school, Moon of Pickering and Hubbard of Bosworth, who is playing half on the football team. There will be Torchy Sawyers, Hahn and Capt. Pickens of the football squad, who will put up hard fights for positions.

The prospects for basket ball look good, and with a lot of hard work the Normal will show some of the conference teams something in basket ball that has been impossible in football for the first year.

* * *

As the Normal students filed into the assembly hall yesterday they beheld the court of the Normal dominion in session. Justice White, in his flowing bath robe and skull cap, was on the bench. The docket was read and Sheriff Baker was sent to bring in the culprit. The accused proved to be Milton A. Boase.

The prosecution, in stating their case, said that the said Milton A. Boase was president of the Millenium Bachelor Club of the World, an organization with headquarters in Mr. Cauffield's room. And that the purpose of this organization was to defraud spinsters of husbands, and keep the young ladies from marrying in order that they might come to school other years and thereby swell the enrollment of this institution.

The defense, through its counsel, Don Roberts, declared that the alleged crime was not in having organized the said club. And that the prisoner was not guilty unless it was proved that the purposes of this organization was to defraud spinsters of husbands.

The prosecution produced in evidence the constitution and by-laws of the said organization, which showed the purposes of the organization.

The prisoner was found guilty of the charge. The following were the officers of the court: Chief justice, White; clerk, Hicks; reporter, Sobbing; sheriff, Baker; lawyers, McReynolds, prosecution, and Roberts, defense.
